Audience Strategy

Create content for first-time buyers, repeat customers, gift shoppers and premium jewellery enthusiasts with tailored messaging.

Editorial Workflow

Ideation → Content Brief → Writing → SEO Review → Approval → Publishing → Performance Review → Content Refresh.

SEO Guidelines

Target search intent, optimize headings, metadata, internal links, structured data and image alt text for every published asset.

Content Governance

Assign content owners, maintain editorial calendars, enforce brand voice and archive outdated content through defined lifecycle rules.

Performance Measurement

Track organic traffic, engagement, conversions, average time on page, bounce rate, keyword rankings and content-assisted revenue.

Security

Restrict publishing permissions using RBAC, maintain revision history, audit all content changes and validate uploaded media.

Integrations

Integrates with CMS, Product Catalog, SEO, Analytics, Marketing Automation, Email Marketing and Social Media Management.

Acceptance Criteria

Content is consistent, SEO optimized, approved before publication, measurable through KPIs and aligned with business objectives.
