Segmentation Strategy

Segment audiences using purchase history, browsing behavior, loyalty tier, geography, lifecycle stage and engagement level.

Automation Workflow

Trigger emails for registration, abandoned carts, order events, birthdays, loyalty milestones and re-engagement campaigns.

Content Guidelines

Use personalized subject lines, responsive templates, strong CTAs, brand-consistent visuals and dynamic product recommendations.

Compliance

Support opt-in consent, unsubscribe links, preference management and applicable email privacy regulations.

Performance Metrics

Track delivery rate, open rate, click-through rate, conversion rate, unsubscribe rate, bounce rate and revenue generated.

Security

Protect subscriber data, secure SMTP/API credentials, validate templates and audit campaign creation and sending.

Integrations

Integrates with CMS, Customer Management, Orders, Product Catalog, Marketing Automation, Analytics and Notification System.

Acceptance Criteria

Campaigns send reliably, automation triggers correctly, personalization functions as expected and performance metrics are accurately reported.
