

Pramo Jewels

User Personas

Document ID: PJ-UX-001

Version: 1.0

Status: Draft

Field	Value
Project	Pramo Jewels Premium E-Commerce Platform
Purpose	Define representative user personas for UX decisions
Audience	UX Designers, Developers, Product Team
Version	1.0

1. Purpose

These personas represent the primary audiences that influence UX, UI and product decisions for Pramo Jewels.

Persona 1 – Young Professional

Age: 25–32

Goal: Purchase premium silver jewellery for daily wear.

Motivations: Quality, modern design, fast delivery.

Pain Points: Trust, unclear product quality, slow websites.

Needs: Rich visuals, reviews, easy checkout, UPI.

Persona 2 – Gift Buyer

Age: 28–45

Goal: Buy meaningful gifts for birthdays, anniversaries and festivals.

Motivations: Elegant packaging, gift options, reliable delivery.

Pain Points: Unsure what to choose.

Needs: Gift guides, recommendations, gift wrapping.

Persona 3 – Bridal Shopper

Age: 24–38

Goal: Explore premium gold collections for weddings.

Motivations: Authenticity, certifications, premium service.

Pain Points: Limited online trust.

Needs: Detailed product information, consultation, secure payments.

Persona 4 – Returning Customer

Age: 30–50

Goal: Reorder or purchase new collections.

Motivations: Loyalty, convenience.

Pain Points: Re-entering information.

Needs: Saved addresses, wishlist, order history.

Persona 5 – Administrator

Role: Internal Operations

Goal: Manage products, inventory and orders efficiently.

Motivations: Accuracy and productivity.

Pain Points: Manual processes.

Needs: Powerful dashboard, analytics and bulk actions.

Shared User Expectations

- Fast, responsive website.
- Premium visual experience.
- Secure payments (UPI, Cards, COD).
- Transparent pricing and delivery.
- Excellent customer support.

Design Implications

Navigation should be simple, product discovery should be intuitive, trust signals should be visible, and checkout should minimize friction while preserving a luxury feel.
